DISMISSAL AND REINSTATEMENT

Student termination may result from unsatisfactory academic progress, unsatisfactory course completion, failure to achieve the appropriate proficiency level within the prescribed timeframe, use of controlled substances on campus, carrying of weapons on campus, conduct detrimental to the institution, failure to comply with financial aid regulations, non-observance of other student regulations, any harm to campus dogs, or if attitude or conduct is not in accordance with the ideals and standards of the College. A student who is dismissed may appeal to the Chief Academic Officer, who will make the final determination. To file an appeal, a student should submit a written letter to the CAO stating why termination should not occur with supporting documentation. A meeting between student and CAO will be arranged to further discuss the termination/appeal. The CAO will make the final determination within 10 days of the meeting.

TUITION REFUND POLICY

Bergin College of Canine Studies follows the State of Oregon's Administrative Rules with regard to the refund policy. This policy is applicable whether or not a student has begun training by physically attending the classes.

- (1) A student may cancel enrollment by giving written or oral notice to the school. If a student has 14 consecutive absences, they will be considered withdrawn. Unless the school has discontinued the program of instruction, the student is financially obligated to the school according to the following:
 - (a) If cancellation occurs within five business days of the date of enrollment, and before the commencement of classes, all monies specific to the enrollment agreement shall be refunded;
 - (b) If cancellation occurs after five business days of the date of enrollment, and before the commencement of classes, the school may retain only the published \$100 registration fee.
 - (c) If withdrawal or termination occurs after the commencement of classes and before completion of 50 percent of the contracted instruction program, the student shall be charged according to the published class schedule. The student shall be entitled to a pro rata refund of the tuition when the amount paid exceeds the charges owed to the school. In addition to the pro-rated tuition, the school may retain the registration fee, book and supply fees, and other legitimate charges owed by the student;
 - (d) If withdrawal or termination occurs after completion of 50 percent or more of the program, the student shall be obligated for the tuition charged for the entire program and shall not be entitled to any refund;
 - (e) The enrollment agreement shall be signed and dated by both the student and the authorized school official. For cancellation of the enrollment agreement referenced in subsections (1)(a) and (b) of this rule, the "date of enrollment" will be the date that the enrollment agreement is signed by both the student and the school official, whichever is later.
- (2) Published Class Schedule (for the purpose of calculating tuition charges) means the period of time between the commencement of classes and the student's last date of attendance as offered by the school and scheduled by the student.
- (3) The term "Pro rata Refund" means a refund of tuition that has been paid for a portion of the program beyond the last recorded date of attendance.

- (4) The seminar program is measured in clock hours. The portion of the program for which the student will be charged is determined by dividing the total clock hours into the number of clock hours accrued according to the published class schedule as of the last date of attendance.
- (5) The Associate, Bachelor and Master degree programs are measured in credit hours. The portion of the program for which the student will be charged is determined by dividing the total number of weeks into the number of weeks accrued according to the published class schedule as of the last date of attendance.
- (6) The term "tuition cost" means the charges for instruction including any lab fees. "Tuition cost" does not include the application fee nor the registration fee.
- (7) When a cancellation, withdrawal, termination, or completion occurs, a calculation of all allowable charges under this rule shall be made. If such calculations evidence that the school received total payments greater than its allowable charges:
- (a) Within 40 days after notification of such cancellation, withdrawal, termination, or completion, a written statement showing allowable charges and total payments received shall be delivered to the student by the school, together with a refund equal in amount to monies paid to the school in excess of those allowable charges;
 - (b) In the event payments to a student account are derived from a sponsoring public agency, private agency, or any source other than the student, the statement of charges and payments received together with an appropriate refund described under paragraph (a) of this subsection may be delivered instead to such party(ies) in interest, but only with respect to the covered portions thereof.
- (8) In case of disabling illness or accident, death in the immediate family, or other circumstances beyond the control of the student that causes the student to leave school, the school shall arrange a prorated tuition settlement that is reasonable and fair to both parties.
- (9) A school shall be considered in default of the enrollment agreement when a course or program is discontinued or canceled or the school closes prior to completion of contracted services. When a school is in default, student tuition may be refunded by the school on a pro rata basis. The pro rata refund shall be allowed only if the Superintendent determines that the school has made provision for students enrolled at the time of default to complete a comparable program at another institution. The provision for program completion shall be at no additional cost to the student in excess of the original contract with the defaulting school. If the school does not make such provision, a refund of all tuition and fees shall be made by the school to the students.
- (10) A student who has been enrolled for more than five (5) business days and less than 50% of a program's term (Semester, Session, Seminar, Course) and finds it necessary to withdraw from a Bergin College educational program may be eligible for a partial refund of their paid tuition. Tuition and fees are refundable at a pro-rata rate to 50% term, program, or course completion. The student must adhere to the "Withdrawal" policy stated in Bergin College's Catalog. The effective date of withdrawal will be set as the date the student meets all the requirements of the withdrawal policy and returns all school property. Exceptions can be made for students called to active duty (copy of service orders is required) or in the event of the student's death or disability.

For purpose of determining your obligation for the time attended, you will be considered to have withdrawn from the program when any of the following occurs:

- When you notified the school of the withdrawal or the actual date of withdrawal, whichever is later.

- If you fail to return from your approved Leave of Absence (LOA), the date of withdrawal shall be the first date of the leave of absence.
- If you have 14 consecutive absences.
- If the school terminates your enrollment.

After the beginning of the enrollment period, a student is liable for the cost of textbooks and supplies provided by Bergin College. In addition, the student is liable for tuition charges for the term during which the student withdrew or was dismissed including all other outstanding charges from prior terms, as per the following schedule.

All Terms of all degree programs:

Depending on when in the term the withdrawal or dismissal occurs, the student is liable for:

Prior to or during the first week = 0% of the term's total tuition charges

Up to 50% of the term, a prorated rate of the term's total tuition based on number of required days of attendance.

After 50% of the term, no refund is given.

Students who withdraw before completing 50% of the program's term are eligible for a pro rata refund.

The pro rata refund amount is determined by the daily charge for the program term multiplied by the number of days the student attended, or was scheduled to attend, prior to withdrawal. If a student is eligible for a refund, the refund will be made within 40 days of the effective withdrawal date.

Refund Example:

Process	Example
A student withdraws after completing 40 class days of a Bachelor of Science in Canine Studies semester. If, for example, the semester is 75 days in length, the student has completed 40 out of 75 days or 53.33% of the semester. This student has not completed 60% of the program and is eligible for the pro rata refund.	Student = 40 days of attendance Semester = 75 class days Total semester tuition = \$4,850.00 Daily tuition charge = $\$4,850/75 = \64.667 per class day Tuition charge for 40 days = $40 \times \$64.667 = \$2,586.67$
If the student has paid \$4,685.00 in tuition, the student will receive a tuition refund of \$2,263.33.	Tuition paid = \$4,850.00 Tuition charge = - <u>\$2,586.67</u> Refund = \$2,263.33

All refunds based on the Bergin College Refund Policy are calculated by the Business Office manually. All refunds due to student shall be made within 40 days of cancellation by the student or formal dismissal by the school. The student is notified of the results of the refund calculation and notified of his/her liabilities in writing.

EXPLANATION OF COSTS

Training Outings

BS students are required to participate in fieldtrips with clients with disabilities and in mock client boot camps. The cost for the lunches, dinners and other activities that are required on these outings is estimated at approximately \$150 for each two-week boot camp. This cost is in addition to the semester's tuition and is paid by the student

Room, Board and Transportation

Food is the student's responsibility and varies as a result of individual taste.

On campus housing: The school has a dormitory and three apartments available for rent to those students who desire to rent a room on campus. Please contact admissions@berginu.edu in order to obtain more information.

Off campus housing: Those students who choose not to stay in on campus housing while attending classes at the College will need to find their own housing. You can find listings online through sites such as www.craigslist.org or a variety of other online listings or local rental agencies.

Short term stays: Extended stay hotels and motels are available but are generally more expensive than other forms of accommodation. Students make arrangements directly with the facility.

Transportation: With gas prices changing dramatically now, it is hard to estimate total commute expenses. Gas costs to commute to and from the College average \$25 per week for a typical vehicle.

Note: All fees are reviewed each year and adjusted as appropriate. Fees are subject to change without notice.

Student loans:

If any portion of your tuition was paid from the proceeds of a loan, then the refund will be sent to the lender or to the agency that guaranteed the loan, if any. Any remaining amount of the refund will first be used to repay your financial aid programs from which you received benefits, in proportion to the amount of the benefits received. Any remaining amount will be paid to you. If there is a balance due, you will be responsible for paying that amount.
